BLACKHEADS SURE

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two cunces of calonite powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprise how the blackheads have disappeared. Hig blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the porces of the skin. Pinching and squeezing only cause irritation, make large porces, and do not get the blackheads out after they become hard. The calonite powder and the water simply dissolve the blackheads so they wash right out, leaving the porces free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.—Adv.

"For over two years I suffered from acute indigestion." says Arthur L. Reeves, secretary of the Austinburg Fuel & Light Company, Ohio, "frequently calling in a physician, but setting only temperary relief. Acting on the advice of a friend I took Dr. Orth's Stomach Remedy regularly until the first package was used up. I then procured another package of which I have taken only an occasional dose for a real or fancied condition of acid stomach or hearthurn. For seven months now I have been entirely free from any attack of acute indigestion and can eat anything I want with no fear of bad results. In case of sour stomach which is sometimes quite sanoying, one dose will be found worth the price of the package. If the above statement of facts will help to call the attention of other sufferers to the merits of Dr. Orth's Stomach Remedy I shall be glad to have you use it." Signed, Arthur L. Reeves.

They all say the same, For 75 cents you can get a large box of Dr. Orth's Stomach Remedy, a great physician's greatest stomach prescription, at Grant Drug Co., and all good drugglists.
